Public Notice Concerning Kansas / Federal
Water Pollution Control Permits and Applications

State of Kansas
Department of Health and Environment
Division of Environment-Bureau of Water
1000 SW Jackson St., Suite 420
Topeka, Kansas 66612-1367
Telephone: (785) 296-6432 - Ag Permits
(785) 296-5517 - All Others

Public Notice No. KS-AG-17-072/076
KS-Q-17-055/068
KS-NQ-17-007
KS-PT-17-008

Beginning Date: May 25, 2017
Comments Due: June 24, 2017

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the State by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-AG-17-072/076

Pending Permits for Confined Feeding Facilities

<u>Name And Address of Applicant</u>	<u>Legal Description</u>	<u>Receiving Water</u>
Knox Land, LLC c/o Phillip Knox Knox Farms, Inc. PO Box 278 Brewster, KS 67732	NW/4 of Section 04 T11S, R37W Sherman County	Smoky Hill River Basin

Kanas Permit No.: A-SHLG-C003

Federal Permit No.: KS0096296

This is a renewal permit for an expanding facility for 2,500 head (2,500 animal units) of cattle weighing more than 700 pounds. There is no change in the previously permitted animal units. Part of the facility expansion is located in the southwest quarter of Section 34, Township 10 S, Range 27 W in Sherman County, Kansas. The permit is being reissued with modifications consisting of a retention structure, sediment basin, and diversion, to provide drainage control for new and existing open lots, and feed storage areas. This facility has an approved Nutrient Management Plan on file with KDHE.

Groundwater
Remediation Project

Kansas Permit No. I-VE29-PO05

Federal Permit No. KS0096385

Legal Description: SE¼, S18, T30S, R16E, Wilson County, KS

Facility Operator: AECOM

Facility Name: Former BP (Amoco) Refinery

Facility Location: 1100 North 12th Street, Neodesha, KS 66757

The proposed action is to reissue an existing permit for discharge during a groundwater remediation project. This former petroleum refinery site has been impacted by past releases of free hydrocarbon product. Groundwater collected within a trench and several extraction wells is treated with an oil/water separator, equalization tank, pH adjustment, air stripper, particulate filter, and three activated carbon filters operated in series. The proposed permit contains limits for pH, as well as monitoring for total petroleum hydrocarbons (diesel range organics), total phosphorus, phenanthrene, 1,2,4, trimethylbenzene, volatile organic chemicals, and flow.

Riley County, KS

Kansas Permit No. C-KS62-NO01

Federal Tracking No. KSJ000201

Facility Name: Sedalia Mobile Home Court

Facility Location: 6320 N 52nd Street, Manhattan, KS 66503

This action consists of reissuing an existing Kansas Water Pollution Control Permit for existing non-overflowing facility. Contained in the permit is a schedule of compliance requiring the permittee to obtain the services of a certified wastewater operator.

Public Notice No. KS-PT-17-008

The requirements of the draft permits public noticed below are pursuant to the Kansas Administrative Regulations 28-16-82 through 28-16-98, and U.S. Environmental Protection Agency Pretreatment Regulation 40 CFR 403.

<u>NAME AND ADDRESS OF APPLICANT</u>	<u>RECEIVING FACILITY</u>	<u>TYPE OF DISCHARGE</u>
KMW LTD. 535 West Garfield Sterling, KS 67579	Sterling MWWTP	Process Wastewater

Kansas Permit No. P-AR85-OO01

Federal Tracking No. KSP000113

The proposed action consists of reissuing an existing pretreatment permit for an existing facility. This facility manufactures back hoes and end loaders. Steel is processed in a three state phosphating operation, prior to being painted. Outfall 001 consists of spend phosphating waste which is discharged to the city sewer, after the wastewater is treated and solids are removed. The proposed permit contains limits for total toxic organics, cadmium, chromium, copper, lead, nickel, silver, zinc, cyanide, and pH, as well as monitoring of flow.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Livestock Waste Management Section for agricultural related draft documents or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas 66612-1367.

All comments regarding the draft documents or application notices received on or before **June 24, 2017**, will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-17-072/076, KS-Q-17-055/068, KS-NQ-17-007, KS-PT-17-008) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/ application.

If response to any draft document / application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents / application and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdheks.gov/feedlots>. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.
